Models BB1208 / BB1216 / BB1222

BB1208 Bark Blower Truck Mounted

FINN Bark Blowers apply landscape mulch and other bulk materials with unprecedented efficiency, and eliminate the need for labor-intensive hand application. The BB1208, with 8.2 cubic yard capacity, the BB1216, with 15.7 cubic yard capacity and the BB1222, with 21.8 cubic yard capacity, provide high efficiency mulch application capabilities for landscape maintenance companies and mulch suppliers.

### Versatile Applications.

The BB1208, BB1216 and BB1222 are perfect for large mulching projects including commercial and residential mulch beds, slopes, public gardens, playgrounds, amusement parks, rooftops, mall interiorscapes, and other applications that require precise placement of bulk materials. Apply standard bark mulch, wood chips, compost, soil amendments, and other similar bulk materials. Mulch can be applied on virtually any terrain, even in wet conditions. Bark mulch with high moisture content is handled with ease.

### High Production. Great Value.

The BB1208, BB1216 and BB1222 Bark Blowers significantly reduce worker fatigue. Two operators can easily apply up to 22 cubic yards of bark mulch per hour, compared to approximately 2 cubic yards per hour via hand methods. The BB1208, BB1216 and BB1222 help reduce material cost from 20% to 40% by breaking up material clumps and by producing an even mulch spreading pattern, with fine particles on top.

### Power & Control.

The BB1208, BB1216 and BB1222 Bark Blowers propel bark mulch utilizing a specially engineered air lock system through various lengths of durable 4" flexible hose - for application up to 300' away. Remote controls allow the operator to control power and material flow from any operating distance. Units are equipped with 200' of hose, with additional lengths available in 50' sections. A convenient hydraulic hose reel is included with each unit, allowing operators to efficiently start and complete each application.

As the world leader for over 80 years in the design and manufacture of innovative, quality equipment for the landscape and erosion control industries, FINN Corporation is committed to your complete satisfaction.

### BB1208 BARK BLOWER

### BB1216 BARK BLOWER

### BB1222 BARK BLOWER

### FINN MODEL BB1208/BB1216/BB1222 TECHNICAL SPECIFICATIONS

POWER ..... John Deere 4045D, Diesel, 125 hp (93.1 kw)

ENGINE SAFETY..... Low oil pressure, high water temperature shutoff SYSTEM

CAPACITY.....	BB1208	8.2 cu. yd. (6.3m <sup>3</sup> )
	BB1216	15.7 cu. yd. (12.0m <sup>3</sup> )
	BB1222	21.8 cu. yd. (16.7m <sup>3</sup> )

FUEL TANK ..... 36 gallon (136 liter)  
CAPACITY

BLOWER..... 1,200cfm @ 15 psi (34 cmm @103 kPa)

EMPTY WEIGHT .....	BB1208	10,640 lbs. (4,826 kg)
(W/REEL)	BB1216	12,720 lbs. (5,770 kg)
	BB1222	13,700 lbs. (6,246 kg)

WORKING WEIGHT* .....	BB1208	16,640 lbs. (7,548 kg)
	BB1216	24,495 lbs. (11,111 kg)
	BB1222	30,000 lbs. (13,608 kg)

TRUCK REQUIREMENT.....	BB1208	25,900 lbs. (11,750 kg) GVW
MINIMUM	BB1216	34,000 lbs. (15,442 kg) GVW
	BB1222	42,000 lbs. (19,051 kg) GVW

\*Working weights are approximate and do not include options or stored materials.
